

SKILLS

JavaScript , React.js , Redux , HTML5 , CSS3 , PUG , Jinja , SQLAlchemy , Sequelize , PostgreSQL , Python , Node.js , Express.js , Flask , Heroku , Git , APIs , Docker

PROJECTS

gotahome | (*React / Redux , Flask / Python , PostgreSQL , JavaScript* and *HTML5 / CSS3*)

[live](#) | [github](#)

Full stack clone of Zillow

- Built CRUD functionality for user interactions through custom transactional database operations with PostgreSQL.
- Integrated Google Maps API to dynamically present home locations based on user parameters.
- Implemented custom search using Redux allowing the user to easily find specific listings.

sidewalk-surfers | (*React / Redux , Flask / Python , PostgreSQL , JavaScript* and *HTML5 / CSS3*)

[live](#) | [github](#)

Full stack clone of Instagram

- Integrated Google Maps API to display the skateboarding spot's location on the home page.
- Implemented 3 unique CRUD abilities for spots, posts, and comments using React.
- Created a component for an Instagram-like post facilitating replication by passing the post information.

Jovero | (*React / Redux , postgres , PostgreSQL , JavaScript* and *HTML5 / CSS3*)

[live](#) | [github](#)

Full stack clone of yelp

- Utilized Redux architecture's unidirectional data flow with React for predictable state and reliable DOM rendering
- Ensured user privacy and autonomy through frontend and backend authentication measures, allowing users to only access and make changes to their own business and reviews when logged in.

EXPERIENCE

License Personal Banker 2 - *Wells Fargo Bank*

July 2015 - Sep 2021

- Served as primary resource for customers, providing insight and guidance in all matters related to personal banking such as Home Equities, Mortgages, Personal Loans/Lines and Credit Cards while building relationships with existing customers to sustain high satisfaction ratings and retention
- Conducted essential documentation and relevant analyses to ensure meeting compliance and proactively engage to mitigate risks in the transaction- ex: technical exceptions, CIP report
- Coached team members to develop sales opportunities and refer customers to designated business partners to meet branch and individual customer service and goals.

Branch Manager - *Plaid pantry*

Oct 2012 - May 2015

- Conducted and supplied necessary industry and market research to target new businesses, developing financial analysis reports and presentations by applying acquired financial principles.

Operation Team Leader - *Barclays Bank*

Apr 2008 – July 2012

- Managed 6 different large-scale project initiatives to improve and streamline essential processes resulting in an increased customer satisfaction rate from 49% to 93%.
- Supervised up to 25 employees including training on duties, responsibilities, and technologies while also completing performance evaluations for those team members and providing relevant feedback.
- Ensured new customers accounts were opened accurately and in a timely matter locating duplicate accounts, lead to collecting overdrafts and closing accounts bringing approximately \$50,000 of revenue

EDUCATION

AppAcademy - Full Stack Engineering and web development bootcamp, 2021

Ain Shams University - *Bachelor's Degree in Accounting and Finance*, 2002-2006
